SUBJECT: Proponent No. 7

INFORMATIVE MOTION

TO THE HONORABLE PUERTO RICO ENERGY BUREAU:

COMES NOW Proponent No. 7, Greenbriar Sustainable Living Inc. and PBJL Energy Corporation (collectively, “Greenbriar/PBJL” or “Proponent No. 7”), by and through the undersigned counsel, and respectfully states, alleges, and prays as follows:

I. INTRODUCTION

1) On August 10, 2026, Proponent No. 7 filed an Informative Motion and Request for Relief before the Puerto Rico Energy Bureau (“PREB” or “the Bureau”).

2) Due to an inadvertent clerical error, the Exhibits 1 - 11 attached to that filing were incorrect and were missing the redlining text, corresponding PREPA/LUMA comments and Proponent No. 7’s written justification reply to each comment for Exhibits 1 and 2 and missing the redlining for Exhibit 11.

3) Proponent No. 7 submits this Informative Motion to correct the record, notify the Bureau of the inadvertent error, and provides the corrected Exhibits 1 – 11 for the Bureau’s consideration and review.

II. CLARIFICATION OF INADVERTENT ERROR

4) The Exhibits 1- 11 filed on August 10, 2026 were inadvertently uploaded in error.

5) Proponent No. 7 has now prepared and attached the correct exhibits, which accurately correspond to the references made in the August 10 Motion and provide the valuable information necessary for the Bureau's review.

6) Proponent No. 7 respectfully requests that the Bureau disregard the previously submitted Exhibits 1-11 and substitute them with the corrected versions filed contemporaneously with this Motion.

III. CONFIDENTIALITY REQUEST

7) The corrected exhibits contain commercially sensitive, pre-decisional, and deliberative information, including draft contractual language, technical analyses, and internal negotiation materials.

8) Disclosure of these materials would cause competitive harm to Proponent No. 7 and undermine ongoing negotiations.

9) Accordingly, Proponent No. 7 respectfully requests confidential treatment of the corrected exhibits.

10) Accordingly, Proponent No. 7 respectfully requests that the Bureau treat the attached exhibits as confidential and exempt from public disclosure, pursuant to the Bureau's applicable confidentiality rules and regulations, and consistent with the protections afforded to proprietary commercial information under the Puerto Rico Energy Public Policy Act, Act 17-2019, as amended, and any other applicable authority.

IV. PRAYER FOR RELIEF

WHEREFORE, Proponent No. 7 respectfully requests that the Bureau:

1. TAKE NOTICE of the inadvertent filing error in the August 10, 2026, submission;

2. SUBSTITUTE the previously filed Exhibits 1-11 with the corrected Exhibits 1-11 submitted herewith;
3. GRANT confidential treatment to the corrected exhibits; and
4. GRANT any other relief the Bureau deems just and proper.

In San Juan, Puerto Rico, this 12 day of August 2026.
