RESOLUTION AND ORDER

M On July 13, 2026, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") issued a Resolution and Order ("July 13 Resolution") containing a Draft Distributed Generation and Microgrid Interconnection Regulation ("Revised Preliminary Draft"). Through the July 13 Resolution, the Energy Bureau invited all stakeholders and interested persons to provide their comments and feedback on the Draft Regulation on or before August 14, 2024 and scheduled two Virtual Stakeholder Workshops for August 25, 2026 and September 21, 2026 to evaluate and address stakeholders' comments on Revised Preliminary Draft and seek consensus and solutions that are aligned with public policy. The Energy Bureau also indicated that agendas would be published before each workshop.

JAN On August 19, 2026, the Energy Bureau issued a Resolution and Order ("August 19 Resolution") providing an agenda for the August 25, 2026 Virtual Stakeholder Workshop. Through the August 19 Resolution, the Energy Bureau ordered LUMA to attend the August 25, 2026 Stakeholder Workshop and to provide a presentation no more than twenty (20) minutes in length summarizing its comments on the interconnection of distributed energy resource systems less than 25 KW, including its position on automatic interconnection and any proposal for pre- or post-energization assessments or study requirements. The Energy Bureau ordered LUMA to submit a copy of its presentation to the Energy Bureau no later than 2:00 p.m. on August 24, 2026.

don On August 21, 2026, LUMA filed a document *titled Request for Brief Extension to File Presentation to the Puerto Rico Energy Bureau* ("Request") in which LUMA requests additional time, until 6:00 p.m. on Monday, August 24, 2026, to submit the presentation ordered by the August 19 Resolution. LUMA states the basis for this request is that the LUMA officers responsible for preparing the presentation will be present at the Energy Bureau on Monday, August 24, 2026 at 10:00 a.m. for the Compliance Hearing in Case No. NEPR-MI-2019-0016 and will require additional time to finalize the presentation after the hearing concludes.

R The Energy Bureau **TAKES NOTICE** of the Request and **GRANTS** LUMA until 6:00 p.m. on August 24, 2026 to submit the presentation ordered by the August 19 Resolution.
