IN RE: APRIL 16, 2025, Bluesky Total Blackout	**CASE NO. NEPR-IN-2025-0003** **SUBJECT: LUMA's Notice of Intent to Respond to Petition to Participate Submitted by EcoEléctrica, L.P.**

LUMA'S NOTICE OF INTENT TO RESPOND TO PETITION TO PARTICIPATE SUBMITTED BY ECOELÉCTRICA, L.P.

TO THE HONORABLE PUERTO RICO ENERGY BUREAU:

COME NOW LUMA Energy, LLC ("ManagementCo"), and **LUMA Energy Servco, LLC** ("ServCo") (jointly referred to as "LUMA"), through the undersigned counsel, and respectfully state and request the following:

1. On April 22, 2025, this Puerto Rico Energy Bureau of the Public Service Regulatory Board ("Energy Bureau") issued a Resolution and Order ("April 22nd Order") whereby it initiated the captioned proceeding pursuant to Act 57-2014, as amended[1], to investigate (the "Investigation") an outage event affecting the Puerto Rico electric system which occurred on April 16, 2025 (the "Event"). *See* April 22nd Order, p.1. The Energy Bureau ordered LUMA to provide, on or before April 24, 2025, a preliminary outage report of the cause of the Event. *Id*., p. 2.

2. In compliance with the April 22nd Order, on April 24, 2025, LUMA filed with the Energy Bureau, under seal of confidentiality, the preliminary outage report containing the information that LUMA had gathered thus far regarding the Event ("Preliminary Report"). *See Motion Submitting Preliminary Outage Report in Compliance with Resolution and Order of April*

[1] Known as the *Energy Transformation and Relief Act* ("Act 57-2014"), 22 LPRA §1051.

22, 2025, Request for Confidential Treatment and Memorandum of Law in Support of Confidential Treatment of Exhibit 1 ("April 24th Motion").

3. After other procedural events, on May 30, 2024, EcoEléctrica, L.P. ("EcoEléctrica") filed a Petition to Participate ("EcoEléctrica Petition") in which it requested the Energy Bureau to allow it to participate in this Investigation. In it, EcoEléctrica argued, among others, that its interests were "adversely affected" by the Event and these "interests cannot be adequately represented by other parties in this proceeding" and "it is not aware of any alternate legal mechanism by which to ensure the protection of its rights before the [Energy Bureau]". *See* Petition to Participate, p. 2. They also requested that the Energy Bureau provide access to the confidential Preliminary Report submitted by LUMA under the terms of a Non-Disclosure Agreement with the purpose of "assess[ing] the findings to date and, if necessary, proactively tak[ing] risk mitigation measures and prepar[ing] for potential future scenarios in light of such findings". *See id*., p. 3.

5. LUMA respectfully informs that it intends to file a response to EcoEléctrica's Petition to Participate in this Investigation. In said response, LUMA would state its opposition to EcoEléctrica's petition for various reasons, including that this proceeding does not allow for the intervention of third parties; access to the information is not allowed nor justified under the applicable laws and regulations; and the concern that this confidential investigation may be hampered by the participation of a third party. LUMA hereby requests the Energy Bureau ten [10] days to submit this response.

WHEREFORE, LUMA respectfully requests that the Energy Bureau **take notice** of the aforementioned and grant LUMA ten [10] days to submit its response to EcoEléctrica's Petition to Participate.

RESPECTFULLY SUBMITTED.

In San Juan, Puerto Rico, this 17th day of June 2025.

We hereby certify that we filed this notice using the electronic filing system of this Energy Bureau and that we will send an electronic copy of this notice to counsel for EcoEléctrica to cfl@mcvpr.com and apc@mcvpr.com.
