PUERTO RICO ENERGY BUREAU

IN RE: April 16, 2025, Bluesky Total Blackout Event	**CASE NO. NEPR-IN-2025-0003** **SUBJECT: Motion for Extension of Time to File Memorandum of Law in Support of Confidential Treatment of Exhibits 1 and 2 Submitted on June 16, 2025**

MOTION FOR EXTENSION OF TIME TO FILE MEMORANDUM OF LAW IN SUPPORT OF CONFIDENTIAL TREATMENT OF EXHIBITS 1 AND 2 SUBMITTED ON JUNE 16, 2025

TO THE HONORABLE PUERTO RICO ENERGY BUREAU:

COME NOW LUMA Energy, LLC ("ManagementCo"), and **LUMA Energy Servco, LLC** ("ServCo") (jointly referred to as "LUMA"), through the undersigned counsel, and respectfully state and request the following:

1. On June 16, 2025, LUMA filed a *Motion to Submit Report of Investigation* ("June 16th Motion") in which it submitted to the Energy Bureau, as an Exhibit 1, the report of the investigation of the event object of the referenced investigation ("Event") prepared by Exponent titled "Line 50100 Outage Event, April 16, 2025, Root Cause Evaluation" dated June 16, 2025 ("June 16th Exhibit 1"). In addition, LUMA submitted to the Energy Bureau, as an Exhibit 2 to the June 16th Motion, a ShareFile folder with the documents and information referenced in the Final Report ("June 16th Exhibit 2" and, together with the June 16th Exhibit 1, the "June 16th Exhibits 1 and 2")).

2. In the June 16th Motion LUMA indicated that pursuant to Section 15.10 of the Energy Bureau's *Regulation on Adjudicative, Notice of Noncompliance, Rate Review and Investigation Procedures,* Regulation No. 8543 ("Regulation 8543"), the June 16th Exhibits 1 and

2 must remain confidential until the conclusion of the Investigation. LUMA also submitted that the June 16th Exhibits 1 and 2 must also be protected from disclosure during and after the conclusion of the Investigation because they contain confidential information, including, among others, graphs, diagrams and other information that should be protected as Critical Energy Infrastructure Information ("CEII") that garners protection from public disclosure pursuant to federal statutes and regulations, *see e.g.,* 6 U.S.C. §§ 671-674; 18 C.F.R. § 388.113 (2020), and the Energy Bureau's Policy on Management of Confidential Information, CEPR-MI-2016-0009 issued on August 31, 2016, as amended by the Resolution dated September 16, 2016 ("Policy on Management of Confidential Information"), as well as other information protected by law and/or the Policy on Management of Confidential Information. Accordingly, LUMA requested confidential treatment of the June 16th Exhibits 1 and 2, indicating that it would be submitting a Memorandum of Law in support of such request within ten (10) days, accompanied by redacted/public versions of such Exhibits, in accordance with the Policy on Management of Confidential Information.

3. The undersigned counsel in the process of preparing the mentioned Memorandum of Law, but despite the undersigned's best efforts and given the extensive number of documents comprising the June 16th Exhibit 2, additional time is needed to complete the Memorandum of Law in support of the confidential treatment of the June 16th Exhibits 1 and 2. It is anticipated that this effort may be completed within approximately the next ten (10) days. Taking into account that the documents in the June 16th Exhibits 1 and 2 are to be maintained confidential during and until the end of the referenced investigation (*see* Regulation 8543, Section 15.10), it is respectfully submitted that this brief extension should not have an impact on the proceedings.

WHEREFORE, it is respectfully requested that this honorable Energy Bureau **grant** an extension of ten (10) days (for a filing date of July 7, 2025) to file the Memorandum of law in support of the request for confidential treatment of Exhibits 1 and 2 to the *Motion to Submit Report of Investigation* filed on June 16, 2025.

RESPECTFULLY SUBMITTED.

We hereby certify that this motion was filed using the electronic filing system of this Energy Bureau.

In San Juan, Puerto Rico, this 25th day of June 2025.
