IN RE: LUMA'S ACCELERATED STORAGE ADDITION PROGRAM	**CASE NO.:** NEPR-MI-2024-0002 **SUBJECT**: Resolution pertaining to *Urgent Request for Extension of Time to Comply with November 10, 2026 Order to Show Cause*, filed by LUMA Energy, LLC and LUMA Energy ServCo, LLC.

RESOLUTION

On November 10, 2026, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") issued a requirement for information and Order to Show to Cause in connection with LUMA's[1] Accelerated Storage Addition Program delays. The Energy Bureau granted LUMA ten (10) days to comply.

On November 13, 2026, LUMA filed before the Energy Bureau a document titled *Urgent Request for Extension of Time to Comply with November 10, 2026 Order to Show Cause* ("November 13 Motion"), whereby it requested an extension of fourteen (14) additional days to submit its responses to the requirement for information and an additional ten (10) days thereafter to submit its responses to the Order to Show Cause. LUMA submitted that the ten-day period provided was insufficient to permit a complete and accurate response, given the breadth, complexity, and project-specific nature of the information requested.

The Energy Bureau **GRANTS** the requested extension and **WARNS** LUMA that non-compliance with the Energy Bureau's orders could result in the imposition of fines under Article 6.36 of Act 57-2014,[2] as amended.
Be it notified and published.
