PUERTO RICO ENERGY BUREAU

IN RE: REVIEW OF THE PUERTO RICO ELECTRIC POWER AUTHORITY'S 10-YEAR INFRASTRUCTURE PLAN - DECEMBER 2020	**CASE NO.:** NEPR-MI-2021-0002 **SUBJECT:** LUMA's Motion for Extension of Time to Comply with the November 4, 2026, Resolution and Order.

RESOLUTION AND ORDER

On November 4, 2026, the Energy Bureau of the Puerto Rico Public Service Regulatory Board ("Energy Bureau") issued a Resolution and Order ("November 4 Order") directing the Puerto Rico Electric Power Authority ("PREPA"), LUMA Energy, LLC and LUMA Energy ServCo, LLC (jointly, "LUMA"), and Genera PR LLC ("Genera") to submit their respective Project Worksheets, included as Exhibit 1, by November 24, 2026.

On November 13, 2026, LUMA filed a *Motion for Extension of Time to Submit the Project Worksheet in Compliance with the November 4, 2026, Resolution and Order* ("November 13 Motion"), requesting an extension until December 18, 2026. LUMA indicates that additional time is necessary to review and validate the information associated with 385 transmission and distribution projects, which requires coordination among multiple departments and subject matter experts.

Upon review of the November 13 Motion, the Energy Bureau recognizes the coordination and validation efforts required to complete the Project Worksheet. Nevertheless, considering the importance of obtaining updated project information to monitor the implementation of the Consolidated Project List and the approaching federal period of performance deadline, the Energy Bureau determines that a shorter extension is appropriate.

Accordingly, the Energy Bureau **PARTIALLY GRANTS** LUMA's November 13 Motion and **ORDERS** LUMA to submit the Project Worksheet required by the November 4 Order **no later than December 8, 2026**, in editable Excel format and in accordance with all requirements established therein.

The Energy Bureau **WARNS** LUMA that failure to comply with the directives established herein, may subject the noncomplying entity to the applicable administrative remedies and sanctions authorized under Act 57-2014[1].

All other provisions and directives of the November 4 Order remain unchanged and in full force and effect.

Be it notified and published.
